Registered Charity No: 1044073

This is Barnaby Bear, and he is going to spend a day with his friends at Churchill Pre-School.
He is very excited!

Barnaby arrives at Pre-School. He finds his name for the board and for his peg and hangs up his coat and bag.

Next Barnaby says 'hello' to his friends and Pre-School teachers and puts his lunch on the lunch table

**Then Barnaby chooses his first activity.
This is his favourite part of the day. He likes
everything so much.**

There is always a choice of mark making, like drawing or painting or chalking, building with different things like duplo and blocks, junk modelling, digging in sand, flour or ice and creating something magical with glue, scissors, material and other things from the art and craft draws or cupboard. There is dressing up and role play where Barnaby can be anything he likes for a day and if Barnaby's favourite thing isn't out, he can ask for it or choose something from the activity choice board or toy units. There is always so much to do.

After a little play, it is time for Barnaby to meet with his friends in group time.

We say 'hello', think about the days of the week, and sometimes talk about the weather, the month, the season or share a book, or our experiences with our friends.

After group time Barnaby chooses another activity and then it is time for the snack bar to open.

Barnaby washes his hands before snack.

Barnaby chooses his name from the board. Barnaby's name has a picture of a banana by it because Barnaby and Banana both start with a 'b'.

Next Barnaby chooses his fruit and eats his snack with his friends.

Snack bar sometimes opens outside, but if it is inside, Barnaby goes outside as soon as snack bar closes.

Barnaby loves playing outdoors! He enjoys using the gym equipment, digging in the sand and experimenting with water. Barnaby likes to read outside and enjoys playing with the sand kitchen and exploring the playhouse.

When it is nearly time for lunch Barnaby helps to tidy up. Then it is music and movement time.

Sometimes Barnaby stays for lunch. Then he says goodbye to his friends and goes home. On other days, Barnaby stays to play all afternoon. If Barnaby forgets which day it is and what he is doing, there is a special board with the day set out in pictures, so any Pre-School teacher can help Barnaby remember!

At lunchtime Barnaby washes his hands and finds his place for lunch. He enjoys talking with his friends.

When he is finished eating, Barnaby packs away his lunch box and sits down to look at a book before story

If Barnaby needs a rest he has a lie down after story time. If Barnaby does not need a rest, he chooses his next activity

Then it is time to wash hands for afternoon snack time. Barnaby has snack with his friends. After snack time it is time to sing with friends and say goodbye ready for home time.

Barnaby can't wait for his next day at Pre-School!
